THE CITY POLE TAX TO BE CONTESTED

Telephone Company Objects to
Paying a License on Poles.

A Writ of Prohibition Filed This
Morning in Circuit Court
Here.

CASE IN POLICE COURT HELD UP

The East Tennessee Telephone Co.
has decided to test the validity of the
city ordinance requiring the telephone
and telegraph companies to pay a li-
cense on each telephone pole, and will
take the case to the court of appeals
of the state and have it settled once
for all.

Attorneys Wheeler, Hughes and
Berry have been employed by the tele-
phone company and this morning filed
a suit in circuit court asking for a
writ of prohibition to restrain the city
from prosecuting a case for alleged
violation of the law until a decision
can be had from the higher courts.

A case against the telephone com-
pany was called in police court today
for failing to pay a license on each
pole, and the suit filed in circuit court
resulted from the prosecution in the
police court.

"We had been anticipating this for
some time," Mr. A. L. Joyner, man-
ager of the telephone company, stated
this morning. "We will test the case
in the higher court and if we have to
pay the license will do so, otherwise
not."

Attorney Charles K. Wheeler for
the company, stated that he would
formulate plans immediately to take
the case to the appellate court and
Judge Sanders, at his request today
deferred action in the case until Judge
Reed can pass on the writ of prohibi-
tion, which he will probably do this
afternoon.

The federal court some time ago de-
cided that the telegraph companies
did not have to pay a tax or license on
poles, and it is claimed that the same
principle of law applies to the tele-
phone companies. This is what the
attorneys have been employed to have
decided.

This afternoon Judge Reed left the
case open until tomorrow in order
that briefs may be filed.

CITY SUPPLIES

Will be Purchased by Annual
Contract.

Board of Public Works to Hold Regu-
lar Meeting Tonight.

The board of public works will meet
tonight in regular session and will
consider bids for supplies to the city.
The board will probably advertise for
bids for furnishing the city coal, feed
and all other things bought in large
quantities and all merchants are eligi-
ble to secure the contract. This is a
step the board has been considering
for some time, and is only one of the
many which will be taken to effect a
regular system of buying for the city
and stop the grafts.

The ordinances for street improve-
ments, market house and city hospi-
tal, will be some over and some-
thing definite arranged so the work
can progress without interference.

HARMONY IN PLENTY AT LOUISVILLE

Republicans of Kentucky Unan-
imously Indorse Roosevelt.

There Was No Contest Between Fac-
tions—Hon. John W. Yerkes
Chairman.

THE DELEGATES ARE ELECTED

Louisville, Ky., May 4.—The threat-
ened contest between former Governor
W. O. Bradley and Commissioner of
Internal Revenue John W. Yerkes for
the control of the Republican state
convention and the state central com-
mittee failed to materialize at the
state convention. In two speeches
which won him ovations Governor
Bradley declared for harmony. He
moved that the rules be suspended be-
fore the report of the committee on
credentials should be announced and
that Mr. Yerkes, be the temporary
chairman. The motion was carried
unanimously.

The platform adopted endorses the
administration of President Roosevelt,
"which, following as it has done, the
policy of William McKinley, has con-
tinued with unabated force the mar-
velous prosperity with which our
country has been blessed since the re-
turn of the Republican party to power
in 1898."

It continues:
"In view of his record and career
we instruct our delegates to the Chi-
cago convention to vote as a unit for
the nomination of Theodore Roosevelt
as a candidate for the presidency at
the coming national election."

Mr. Yerkes during the evening
moved that the rules be suspended and
Governor Bradley be unanimously
chosen as one of the four delegates at
large to the national convention. The
motion carried. The report of the
committee on credentials seated the
Yerkes delegations in eight contested
counties, including Campbell and
Kenton.

The other delegates at large to the
national convention beside Governor
Bradley are: R. P. Ernst, Covington;
G. W. Long, Lelientfield, and
Dr. K. E. Underwood, Frankfort.

CHANGED HIS MIND.

NASHVILLE JUDGE WAS A LITTLE
HASTY IN CUMBER-
LAND CASE.

Nashville, Tenn., May 4.—After
ordering the Cumberland Telegraph
& Telephone Company be placed in
the hands of a receiver and ousted
from the state, Chancellor Allison
later mended his decision, saying
that for satisfactory reasons he would
decline to appoint a receiver. The
reason as to the chancellor's change
is that the company is a Kentucky
corporation, and therefore if pro-
ceeded against, outside the state the
suit must be brought in the Federal
courts.

The present suit was brought
through the state of Tennessee by re-
litation and at the instance of an in-
dependent telephone company of
Columbia, Tenn. Its object was to
have declared a forfeiture of the
charter of the defendant company
upon the allegation that the latter had
violated the statutes in attempting
to suppress competition. The tele-
phone company entered an appeal to
the supreme court on the ouster pro-
ceedings. This stays the order of ex-
pulsion.

NO STRIKE

STREET CAR EMPLOYES IN SAN
FRANCISCO WILL NOT
GO OUT.

San Francisco, May 4.—The em-
ployes of the United Railway com-
pany decided by unanimous vote this
morning not to strike. The company
agrees to send away the strike break-
ers and to recognize the union. It
refuses the sliding scale wages.

THE LONGFELLOW SCHOOL FOR SALE

Board of Education to Dispose
of it and Build New School.

Superintendent Lieb Expects to Ac-
complish Much For the Schools
This Year.

TEACHERS ARE ALL PLACED

The board of education has decided to sell the school building at Fifth and Kentucky streets and invest the money in a school building in a locality where it is needed more. Since the building was erected years ago the property has become very valuable, and will doubtless bring a good price. The building of the new school on West Broadway has diverted much of the attendance from this school at Fifth and Kentucky to West Broadway, leaving practically no necessity for the big building.

There are schools badly needed on both the North and South Sides, and it is probable that some of the proceeds of the sale of the building in question will be used to give the people in the more remote sections of the city the school facilities they so badly need.

Superintendent C. M. Lieb, who was re-elected superintendent of the Paducah public schools last night, stated this morning that changes for the betterment of the schools would be made gradually until the schools are worked up to the highest standard possible to place them.

"I have no special features to inaugurate which I can give out just at present, but can say that the schools will be even more successfully run next season than during the few months of my incumbency," he explained to a Sun reporter this morning. "I have been here but comparatively a short time and have not gotten well into the work, but by the opening of school next September, hope to be in a position to superintend them as I desire."

In regard to the election of teachers, a board member stated this morning that elections would be held about the usual time, just a few days after the close of schools in June, and in plenty of time to enable those who desire to go to normal schools the assurance of their positions next year before leaving the city. There will be two examinations for certificates held, one in June and one in August. The latter examination is held in order to enable the teachers desiring to better their certificate and get a bigger salary, to take the examination before the opening of school.

The plan projected and adopted last night at the meeting by which teachers will be paid according to the standard of their certificate, meets with the approval of all. "We have no bad teachers," Superintendent Lieb stated this morning, "but you must know that some are better than others and for the more ambitious, the plan will meet with their heartiest approval. The plan will infuse into the teachers much ambition and stimulate them to improve. In this way the teaching will advance and the result be better."

In regard to electing a successor to Trustee McFadden who resigned, it was suggested in the board last night and the suggestion approved, that Trustee Joe Mattison name the successor. Mr. Mattison has offered no choice yet. Mr. E. E. Bell is favorably spoken of as a possible successor.

The legislative committee appointed by the board last night will have a great deal of work on its hands.

Superintendent Lieb not having lived long in the city and state, has not become familiar with the law. For instance in some states the school boards are allowed to contract and discharge debts without putting it to vote, but this has not been decided here. The board is not in need of any money at the present, but such matters should be clearly understood. Superintendent Lieb stated.

The legislative committee will appear before the council and attempt to secure the opening of George street for the benefit of many school children attending the Franklin building who now have to walk many blocks out of the way. Also to attempt to secure the opening of 13th street at Huntington Row where many hundred pupils will be benefited. In the opening of George street the committee will urge the municipal bodies to place a bridge across Cross Creek. Another item to be urged is the extension of sewerage to the High school. This will be especially pressed by the committee and the school authorities will attempt to have the sewerage in by September.

The committee will also have under charge the disposition of the Longfellow building at Fifth and Kentucky avenues. This building is of little educational value but of great commercial value, and it has been suggested that the building be sold, the sale bringing enough to build a much larger and more modern school in some locality where it is needed more. The committee was instructed to place this matter in the hands of a real estate agency and if sold to vacate it June, 1905, giving the board one year to build another house, while at the same time the school will continue at the Longfellow building.

GOOD RUN

REMARKABLE TRIP OF THE I.
N. HOOK—NO SLOWING
DOWN OR BREAK-
ING UP.

The steamer I. N. Hook, Captain W. J. Carroll at the wheel, made a record breaking run from Rockcastle to Smithland in the Cumberland river yesterday, making the entire hundred miles, passing bridges, bends and everything, without ringing a bell for a slow down, or backing up. The boat had six barges with 25,000 ties in tow and the achievement is something to be proud of.

NOTICE TO THE PUBLIC.

Commencing Sunday, May 8, 1904, passenger trains leaving Paducah for points on Cairo extension and north, and for Brookport and north, will not stop at Broadway to receive passengers. On and after that date passengers should go to the Union depot to get on all trains.

CANNON OR SHAW FOR VICE PRESIDENT

It is Understood One of the Two
Will be Chosen.

Conference Held at Washington and
Speaker Cannon Urged to
Run.

REPUBLICAN PLATFORM GIVEN

Washington, May 3.—There is every indication that Leslie M. Shaw and Joseph G. Cannon have been forced into a realization of the fact that one or the other will be nominated for vice president at Chicago in July.

Early last week the Republican leaders seemed to have come to a realization that the candidacy of Senator Fairbanks of Indiana for vice president was lacking in some elements of strength, through the inactivity of Mr. Fairbanks himself. So, in spite of the repeated declarations of Mr. Cannon that he would not accept the nomination, but would rise in the convention and decline it, his name was brought out again, and it was received with even greater favor than when it was first mentioned. At the same time, here was renewed talk of nominating Leslie M. Shaw, of Iowa, secretary of the treasury. There was so much talk in inner circles about these two men that, Saturday afternoon, Mr. Cannon and Mr. Shaw had a long conference at the treasury department regarding the vice presidential nomination, and it was discovered that Mr. Shaw disliked the idea of accepting the nomination almost as strongly as does Mr. Cannon. This conference was followed by one at the White House.

It has been made plain to Speaker Cannon that not only did the president very much desire his nomination, but that it was a call to duty to which he must respond. The report further adds that the speaker has taken the matter under advisement and will give his decision later.

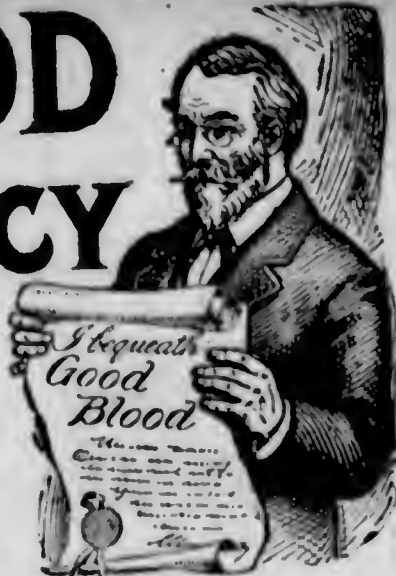

The situation in Illinois is largely responsible for the repeated use of the speaker's name in connection with the vice presidency. "Uncle Joe," it is thought, could harmonize all elements of the party in his state as no other man could.

President Roosevelt said to the Republican leaders who went to the White House that the platform must be "short, incisive, decisive, precise and concise."

There were present Senators Aldrich, Allison, Lodge, Spooner, Hale and Platt of Connecticut; Speaker Cannon, Representative Hemenway, chairman of the appropriations committee, and Secretary Cortelyou. Senator Lodge, who is to be chairman of the committee on resolutions at the Republican national convention, had a draft of a platform with him. It was gone over paragraph by paragraph. The tariff plank occupied the most of the time; it was decided there shall be no recession from the Republican policy of protection.

It will be a "stand pat" platform. There will not be much about reciprocity in it. The remainder of the platform will be modeled after the St. Louis and Philadelphia platforms. The platform is practically in shape in

GOOD BLOOD THE BEST LEGACY

Riches wings and fly away—are squandered and lost in extravagance and speculation, and more often prove a curse than blessing. A foolish desire to accumulate wealth for the benefit of posterity, has led to the physical undoing of thousands. Health is lost in the mad pursuit of riches, diseases attracted, the vitalizing, nutritious properties of the blood almost exhausted by demands of the nervous system it is little wonder that children born of such parents are weak, anæmic and ill developed. Better to be poor and healthy than rich and sickly.

Good blood is the best legacy, for that means strong, vigorous bodies, well nourished systems, nerves, muscles and all the machinery of the body in perfect condition. When handicapped by inherited disease, not only is life's struggle made harder, but existence becomes a living misery, and even if blessed with riches, sickness is a hindrance to their enjoyment. Rough the blood, diseases are carried from one generation to another. Parents transmit to their children, and so it goes on for years unless the taint is removed from blood.

Cancerous Ulcers, Rheumatism, Poison, Scrofulous Sores and lings, Skin Eruptions of various kinds all evidences of a depraved and med blood. "Like begets like" is true the vegetable world, and is true also in the animal kingdom. We know that vine seeds produce certain plants, and parents or those in whose blood is a taint some old family ailment or blood poisons are apt to develop in their child, either in infancy or later on in life. You can't leave a legacy of riches, at least them out in life with pure and untainted blood; this they can with reason expect, for it is their rightful inheritance. Oftentimes old chronic illness that might have been uprooted and driven out of the blood is need, and posterity is made to suffer the consequences of this neglect. If you have any die for which bad blood is responsible, to neglect it is almost a crime—you are unjust to yourself and false to your offspring to do so. Purify your blood; get rid of the taint; leave to others good blood which, after all, is the best legacy. No remedy ever discovered so reliable in diseases of the blood as S. S. S. Experience and a thorough test have proven its efficacy. It has been in use for nearly fifty years and has been growing in popularity all the time, and "S. S. S. for the Blood" is known throughout the country as the standard remedy in all chronic, deep-seated blood troubles. S. S. S. is the only blood medicine guaranteed entirely vegetable and which does not contain a single mineral ingredient. Because your disease may be inherited from a long line of ancestors is no reason it cannot be cured. Get your blood in good condition, and through it new energy and strength are imparted to all parts of the system, the circulation is quickened, and the old taint, humor or poison can be driven out through the natural channels. Keep your own blood uncontaminated if you hope to leave a welcome legacy to those who come after. If you have chronic trouble or stubborn skin disease due to bad condition of the blood, write us about it our physicians will cheerfully advise you without charge.

Dear Sir:—I inherited Scrofula, and about seven years ago suffered intensely from it. Tried every doctor available at great expense, but grew rapidly worse; in fact, had given up all hope of being cured, and as a dying man will grasp at a straw, I was persuaded by my brother, much against my will, to try S. S. S. After taking six bottles, I felt a wonderful change for the better. I continued to take it for about six months, taking in all about fifteen bottles, which entirely cured me.

It is with pleasure that I recommend your medicine, and I cannot say too much in its praise. It is certainly better than all doctors for diseases caused by impure blood, whether inherited or otherwise. In addition to being much less expensive, it does its work thoroughly and without fail. Wishing you unlimited success, which your medicine so justly deserves, I remain,

A CIRCUS TRAIN BURNS MENAGERIE

The Roar of the Animals Terri-
fied the People.

Great Loss Inflicted on the Circus
Before the Blaze Was Ex-
tinguished.

BLAZE OF HAY STARTED BLAZE

Paducah, Ky., May 4.—The menagerie train of Campbell Bros. circus caught fire here and, amid the din made by the terror-stricken animals, the citizens of the town looked on and barred their doors and refused to come outside for hours. When the blaze was extinguished, three elephants, a cage of monkeys, four camels, three water buffaloes, two grizzly bears and numerous horses were found to have been burned to death. Many of the cages were destroyed and the menagerie was practically wiped out.

The circus was to have opened its season here Monday, but reached the town Sunday afternoon. Everybody came to the railroad tracks to see them unloading. While this was in progress a car load of hay in the center of the animal train took fire, and the blaze quickly spread to other cars, containing the animals. When the smoke penetrated the cages the animals became wild with fear and began making as much noise as possible. The crowds remained, until the elephants began trumpeting, when everybody took to their heels. The roars of the lions and tigers added to their fears, as well as to the pandemonium which reigned for more than an hour. The elephants, which were in the car nearest the fire, attempted to beat down the sides off their car with their trunks, which could be heard as they crashed against the boards. The animals were chained within, and the trainers were unable to get near them because of the flames.

As soon as possible the train was cut up and the blazing cars hauled to the yards, where the fire was extinguished. It was then found that the menagerie was almost destroyed, but that the circus part of the show was uninjured. The loss will run far into the thousands of dollars.

WIRING VERY BAD HERE IN PADUCAH

Inspector is Completing His
Work Quietly Now.

Result of His Work Can Only Be Sur-
mised—May Raise Rates
Again.

TOO MANY DANGEROUS WIRES

Inspector S. S. Barrett, of Chicago, representing the Kentucky and Tennessee boards of Fire Underwriters, is working rapidly in Paducah, and has completed the district from First to Third street on Broadway. He finds the wiring in many instances very bad.

This is the first inspection ever made in Paducah by an expert in this line, and while Mr. Barrett has little to say, reserving his findings for his official report, he frankly admits that some of the wiring in Paducah could not be much worse.

Mr. C. C. Rose, commissioner for Paducah, accompanied him at first but Mr. Barrett is now going alone. He will be here several days longer in pursuit of his work.

His report will be made to the board of underwriters as soon as he completes it, and Mr. Barrett will then be assigned to some other city. The result of the report cannot be predicted, but it may prompt the underwriters to order a wire inspector in Paducah, an overhauling of much of the present wiring, or an increase in rates upon failure to do the other.

On account of the heavy losses to the fire insurance companies last year they are taking every precaution to reduce risks as much as possible.

In Chicago as a result of the report of Inspector Johnson, the same man who made the inspection of Paducah resulting in the "pink slip," over 200 men have just been added to the fire departments, and it is understood the fire chief will resign his office. The companies claim that they are furnishing insurance and their rates must be paid and their conditions complied with, or they don't insure anyone.

STATE DRUGGIST

Expect to Carry Their own In-
surance Shortly.

Committee Will Report Favorably at
State Meeting in June.

Druggists and pharmacists of Kentucky may carry their own insurance after the annual meeting of the State Pharmaceutical association in Louisville next month. A plan forming a mutual insurance adjunct to the association was broached at the last annual meeting and committees were appointed to take the matter up and be ready for a report at this year's meeting. The committees have made a thorough investigation of the project and it is believed will report favorably a plan by which the druggists will become independent of all insurance companies by carrying their own insurance risks.

Druggists of the state say that their stocks are rated as hazardous by many insurance companies without foundation and that they are charged exorbitant prices for insurance. They say that every effort in the past to secure a lower rate of fire insurance has proved futile, and that they have been driven to the organization of a mutual association by which they can secure protection at less cost. They have found that such associations have proved successful in other states, they say, and believe the plan to be reported for consideration at the next annual convention will be adopted.

FORMER DEPUTY DEAD.

Mr. James Spence, a young man well known in Paducah, where he was deputy city jailer under Mr. Tom Evitts for several months, died a few days ago at his home in Providence, Ky., from rheumatism. He was about 26 years old, single, and left Paducah about 6 weeks ago. His father is now at the point of death from pneumonia.

THE SCHOOL BOARD RE-ELECTS LEIB

Salary of Superintendent of the
Schools Raised to \$2,000.

Trustee W. G. McFadden Resigned—
A New Schedule for Teach-
ers' Pay.

OTHER PROCEEDINGS OF BOARD

The board of education held its regular meeting last night, with Trustees Coleman, May, Greif, Mattison, Herndon, Overbey, Cole, Jones, Robertson, Morrison and Renfro present.

The report of Superintendent Leib showed that the average attendance was 2 per cent better in April than the month previous. He recommended that a legislative committee go before the council relative to the ambiguity of charter provisions.

The treasurer's report showed \$4,088.97 expended during the month, leaving a balance of \$5,944.30. The pay roll, amounting to \$3,582.84 was allowed, as were miscellaneous bills.

The bill of Dr. Thompson, for fumigating the high school building, was referred to the sanitary committee with power to act.

The census enumerators were allowed their pay for the census just completed.

The salary committee reported its schedule of salaries for teachers in the schools, which provides that inexperienced teachers, which are those serving their first year, shall receive from \$20 to \$30 per month, while the salaries of the experienced teachers shall be based on the school they teach, their scholastic and professional ability as evidenced by certificates, age and length of time taught; no teacher is to get more dollars than one-half the average per centage of certificate, standing and success, to which shall be added as many cents per month for each year taught as above average of certificate, not to exceed 50 cents.

The substitutes are to get \$2 per day, except at the Lincoln and Garfield buildings, where they are to get only \$1.50.

The total, it is estimated will make the salary list a little larger than at present, but will give better results. The report of the committee was concurred in.

Captain Herndon stated that it was necessary under the law to elect two examiners to act with the superintendent in examining applicants for teachers' certificates, and after fixing the pay at \$30 a month, Prof. George O. McElroon and Prof. Frank H. May were elected.

Several new rules were adopted, one requiring applicants for the principalship of the high school to pass an examination in 17 certain studies, for grammar grades in 14 and primary in 12; none applicable to colored applicants. Other rules adopted were: That grammar certificates include privilege to teach from the 5th to 8th grades, and primary from 1st to 4th grades, and that applicants making an 80 per cent average shall get a certificate for one year; 85 per cent for two years, 90 per cent for three years, and 95 per cent for four years; that applicants for teachers' certifi-

cates be examined the 3d week in June, and 4th week in August, and no complimentary certificates be given anybody.

Trustees May, Greif and Overbey were appointed a legislative committee to employ counsel when necessary in order to secure legal advice for the board. It was stated that it has been impossible to get any information from the city solicitor on questions of law, hence the committee is empowered to get it elsewhere. A number of things which have been hanging fire were referred to this committee, among which are: The matter of opening 13th street behind Washington building to afford a suitable thoroughfare for pupils from Worten's addition and that section; the matter of having the general council build board walks from Fisherville to the South Sixth street building.

The salary of building superintendent was raised to \$600 a month, and Mr. Fred Hoyer, who formerly held it and resigned, being a few days ago re-employed, was re-elected.

The resignation of Mr. W. G. McFadden, of the Fifth ward, was read. Mr. McFadden is at the head of the college of photography at McMinnville, Tenn., and had to resign. The resignation was accepted and the election of his successor was postponed until next month.

Superintendent C. M. Leib was re-elected superintendent of the public schools of Paducah, after the salary had been increased from \$1,800 to \$2,000 a year.

The matter of trespassing on school grounds with canny stands was referred to the building committee.

Mrs. Lon Singleton notified the board that she would not be an applicant for a position in the schools for the term beginning in September.

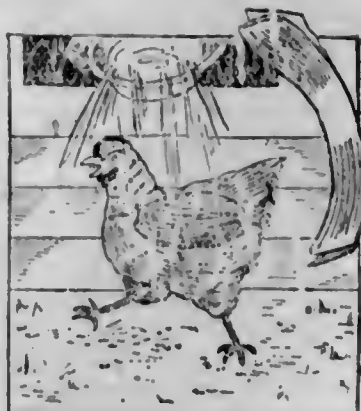

The purchase of ground for a new school below Trimble street was discussed but no action taken.

WINE OF CARDUI

CURED WHEN OTHERS FAILED.

I am pleased to endorse Wine of Cardui, as I have found that it was of great benefit to me when I had lost my health. I am the mother of four children and for the last two years I have not known what it was to have a well day. I suffered with sick headaches, backaches and bearing down pains, which made me wretched and there were days when I could hardly drag my feet across the floor. The doctor said it was organic trouble and I took the medicine for almost a year, but I could not see that he was doing me a particle of good, so I began to take Wine of Cardui. My improvement was gradual but each month there was a change for the better and at the end of six months I am pleased to say that I was restored to health. I am indebted grateful and shall recommend your medicine to all my friends.

Mrs. Amelia Rausch

Wine of Cardui has brought health to hundreds of thousands of women who had given up all hope of ever being well again.
You do not need to give up.
Take Wine of Cardui.
Wine of Cardui has cured Mrs. Rausch and 1,500,000 other sufferers. YOU should take advantage of this great woman's remedy which has cured so many sufferers like yourself. Decide to take Wine of Cardui today.
No examination. No operation. A bottle of Wine of Cardui costs only \$1.00.
Your druggist will sell Wine of Cardui to you and you can take the treatment at home.

DAILY THOUGHT.

"Kind words are the music of the world."

THE WEATHER.

Fair tonight and Thursday followed by rains in the afternoon Thursday or by night.

CITY SHOULD INVESTIGATE.

The proposed sale of the school building at Fifth and Kentucky streets opens the way for some important changes in Paducah. The fact that the present city hall is entirely too small for the growing demands of a city the size of Paducah, daily impresses itself, especially on those required to transact business about the city's official headquarters. A change must be made; if not now, it must be sometime within the next few years, and then there may not be the opportunity that presents itself now.

A more desirable location than Fifth and Kentucky, the building the board of education desires to sell, could not be found for a city hall. The lot is adequate for the sized building Paducah needs.

Even before Paducah went into the second class the city hall was too small. Since then a number of new officers have come into existence and there is not near enough office room in the city hall, some of the offices having overflowed into an adjoining building. The city jail, or lockup, is reported too small, is of obsolete pattern and unsanitary. The city needs a new lockup and work house and many new offices.

It is suggested that steps be taken to ascertain how desirable and practical a change of location for the city hall would be. The city can either sell the present city hall property and use the money to purchase the school building, or sell the Central fire station invest the money in a city hall and build a new fire station where the city hall now is, or if neither plan is acceptable, the city will have to build an addition to the city hall, taking in the adjoining property. This might be as satisfactory and cheaper besides, but it should be so decided now before the opportunity to make the change, should a change be deemed better, is lost. The city should investigate the matter at once.

ROOSEVELT'S WALKOVER.

Of the 614 delegates already selected to the Republican national convention 508 are instructed for President Roosevelt, who will probably get the Republican nomination by acclamation. This nomination means something. It means election to the high-

est office within the gift of the American people; it means election to the presidency of the greatest and richest nation in the world's history. Yet there is only one man mentioned for the honor, so certain is the Republican party, the greatest and most powerful political organization in existence, that he is the one man for the place. President Roosevelt has no opposition and will have none. His party is proud of him, and the people irrespective of party are proud of him. It is predicted he will get the largest popular vote a president of the United States ever received.

On the other hand, the Democrats are totally at sea. The bulk of the delegation already chosen for the national convention is instructed for no one. It will be a free-for-all, with several men, one of them a millionaire who is spending thousands of dollars a day in an effort to corral the empty honor, striving for a nomination that can but bring defeat.

The Republican party has reason to feel proud of its success. It has piloted this country to greatness, despite the obstructive and abusive hostility of the Democrats. In such men as Theodore Roosevelt—strong, virile, courageous and honest, it places its dependence, as it has always done, and always will do. It makes little difference whether the Democrats get in the procession, or line up to watch it pass. It will get there just the same.

Captain Cowles and other officers of the Missouri have been fully exonerated by the court of inquiry, from all blame in the battleship Missouri disaster. The exact cause of the accident can only be surmised, as all the men present lost their lives in the explosion. Our officers and sailors all have the most thorough training, and, it was shown, are painstaking and careful in loading and firing guns, and the court finds that every man did his duty. As there is nothing else to learn, the inquiry will probably end with the verdict of this court. The accepted theory of the accident is that it resulted from a "flare-back," or the blowing back into the gun of flames from the previous discharge.

The Chicago fire department officials became indignant because the insurance inspector didn't point out the good points of the fire service when he disclosed the bad. They evidently forgot, as other cities have done, that the inspector was not sent there to pick out the good points. He was told to find the leaks, the cracks, the dangerous places—and he did it. Those who are looking for them are expected to find the good points. The insurance companies are trying to find only the bad places in a city's fire protection, in order that they may be remedied, and nothing better can be said of any city's fire protection than that it suits the insurance men.

Mr. Bryan refuses to be called down. He denies that he ever wanted or thought of having Judge Parker as a running mate for the presidency, and declines to accept any man who suits the other faction. He intimates that a candidate will not have to explain where he stands if Cleveland and Hill are behind him. Thus the war in the Democratic camp goes merrily on.

Eight thousand people from Franco, it is estimated, will visit the St. Louis exposition and the French papers say most of them will remain over here. Probably they won't have money enough to get home after going through the grounds.

When old Gabriel blows his horn some Paducah councilman will solemnly arise and move that it be "referred to the committee," or that "further time be granted."

There will not be any waste of time over a market house site, which is one consolation.

HERBINE.

Will overcome indigestion and dyspepsia; regulate the bowels and cure liver and kidney complaints. It is the best blood purifier and invigorator in the world. It is purely vegetable, perfectly harmless, and should you be a sufferer from disease, you will use it if you are wise.

R. N. Andrews, Editor and Mgr. Cocon and Rockledge News, Cocon, Fla., writes: "I have used your herbine in my family, and find it a most excellent medicine. Its effects upon myself have been a marked benefit. I recommend it unhesitatingly." 50c. Sold by Du Bois, Kolb & Co., Paducah, Ky.

HEINOUS CRIME REPORTED IN TRIGG

Couple Arrested for Murdering
Two Children.

Mayfield Will Require Dogs Muzzled
and Kept Indoors From June 15
to September 15.

OTHER LATE KENTUCKY NEWS

Cadiz, Ky., May 4—Grant Thomas and wife, colored, of near Roaring Spring, this county, were brought here yesterday and lodged in jail on suspicion of having killed two of Thomas' children by his first wife. They were arrested on a warrant sworn out by the mother of the children and first wife of Thomas. They were four and five years old, respectively, and had been missing about ten days, when their mother learned of it, and had the warrant issued. Thomas and his present wife claimed they know nothing of the whereabouts of the children. The day they disappeared, April 19, Thomas claims to have been working in the woods, and his wife, left home about 11 o'clock and went to a neighbor's house, where she remained until 4 o'clock in the afternoon. She left her three step-children, aged two, four and five years, locked up in the house and when she returned the two older ones were missing, and she supposed their mother, who now lives in Christian county, had come and carried them away. The white people of the community are very much wrought up over the affair and are making a thorough search for the children.

SUSPENDED IN A WELL.

Lawrenceburg, Ky., May 4—Little Mary Leathers had a blood-curdling experience yesterday afternoon. She is a daughter of Mr. John Leathers, one of the most prominent men in the county, and was laying around an open well in the back yard. She got too near the edge and toppled over, but her skirt caught on a snag and held her suspended head foremost in the well, which is 50 feet deep and half full of water. She remained in this awful position for several hours, absolutely helpless. Her parents became alarmed and instituted a search for her and found her suspended in the well as stated above, when she was promptly rescued. With the exception of a few insubstantial bruises and a lifelong scare, she escaped injury.

MAYFIELD GETS THE BAKERY.

Mayfield, Ky., May 4—Mayfield has beaten them all on dog legislation. In addition to the annual dog tax, the council has just decided that it is dangerous for dogs to run at large during "dog days," and ordered an ordinance requiring all dogs owners to keep a muzzle on the canines and keep them harbored on the premises beginning June 15 and closing September 15. The city dads claim that it is between the dates named, that dogs are subject to rabies and the reason that the want them muzzled and kept harbored is to keep them from attacking other dogs and persons.

SHOT IN DUEL.

Lexington, Ky., May 4—John Sample was brought to the Good Samaritan hospital from Lee county today to undergo an operation to remove a bullet from his head. Sample was shot in the eye during a duel in Lee county with Hooker Childress.

DEATH IN GRAVES.

No More Women Need Be Sick.

Zoa Flora Will Restore You to Health and
Strength and Happiness. Has Cured All
Who Used It—Will Cure You.

FREE TRIAL BOTTLE TO ALL WOMEN.

Zoa Flora is sure enough "The Woman's Friend." This is no bold, gratuitous statement. It is justified by facts. It is supported by letters of gratitude and joy and praise from every community in the land. Every mail brings these letters and tons of thousands of them are in our possession.

MRS. EFFIE BATES, Muncie, Ind.

Zoa Flora cures leucorrhoea, suppressed and painful periods, flooding, miscarriages, piles, all irregularities, liver, kidney and bladder troubles and regulates the change of life. It makes childbearing and takes away the dread of that fearful ordeal. It is the greatest blessing of the age for weak and suffering women and has made thousands happy who were dragging out their lives in misery and pain.

Mrs. Effie Bates, Muncie, Ind., R. F. D. No. 1, says: "When a girl suffers death every month when I came around, even my hands seemed to swell, and I seemed almost blind at times and I was irregular. I would feel as though I would fall backwards and didn't feel safe by myself at my monthly periods. I used some few bottles of Zoa Flora and that I found me regular and so that I didn't suffer scarcely any and the queer feelings left me."

"With the Zoa Flora Co., Kalamazoo, Mich., for a trial bottle and copy of their illustrated medical book, 'Dr. Pease's Advice to Women.' The doctor will gladly give free special advice when needed. Zoa Flora is for sale at \$1.00 a bottle by all druggists."

"DO IT TODAY."

The time worn injunction, "Never put off 'til tomorrow what you can do today," is now generally presented in this form: "Do it today!" That is the terse advice we want to give you about that hacking cough or demoralizing cold with which you have been struggling for several days, perhaps weeks. Take some reliable remedy for it today—and let that remedy be Dr. Boschee's German Syrup, which has been in use for over thirty-five years. A few doses of it will undoubtedly relieve your cough or cold, and its continued use for a few days will cure you completely. No matter how deep seated your cough, even if dread consumption has attacked your lungs, German Syrup will surely effect a cure—as it has done before in thousands of apparently hopeless cases of lung trouble. New trial bottles, 25c; regular size, 75c. At all druggists.

NEW OFFICE

FOR THE I. O. STORE KEEPER
AND ASSISTANTS

An additional office is being built in "Master Mechanic" Thrift's office here for the special benefit of Storekeeper A. J. Hollenbeck. The office is being built in the rear of the chief clerk's office and next to the storeroom. Mr. Hollenbeck and force of clerks will occupy the new offices when completed.

EXPOSURE.

To cold draughts of air, to keen and cutting winds, sudden changes of temperature, scanty clothing, undue exposure of the throat and neck after public speaking and singing, bring on coughs and colds. Ballard's Horehound Syrup is the best cure. Mrs. A. Barr, Houston, Texas, writes, Jan. 31, 1902: "One bottle of Ballard's Horehound Syrup cured me of a very bad cough. It is very pleasant to take." 25c, 50c, \$1.00. Sold by Du Bois, Kolb & Co., Paducah, Ky.

Has reduced your rate per subscriber more than 50 per cent. during the past year by its unprecedented increase of subscribers in Paducah? The last month was the record breaker for the year, and to convince the doubtful we print below a list of 144 new subscribers added during the month of April. A careful examination of this list will show many new subscribers who have joined the popular movement and have "quit riding in an empty wagon."

BURLEY SOARS

GOES UP AGAIN—FEARS FOR THE DARK MARKET.

The burley tobacco market at Louisville took another fly yesterday. Prices on certain grades advanced as much as \$1.50 and on other grades as much as \$1 over the sales prices scored last week. The breaks were very light, but the advances show that the backbone is still strong.
The dark market was steady, but it was evident there was a weakness about it that does not augur well for its immediate future.

WON HER CASE

MISS BERTHA M. SHIPLEY GETS JUDGMENT IN COURT OF APPEALS.

The Court of Appeals yesterday afternoon affirmed with damages the case of the Forked Deer Pants Co., of Paducah, against Bertha M. Shipley, of St. Louis. Miss Shipley in the lower court here got a verdict against the Pants Company for \$606. She came here from St. Louis to take charge of one of the departments in the factory, and claimed to have signed a contract for two years. She had been here only a short time, she alleged, when she was without cause discharged, and filed suit for \$1,710 on her contract. She was awarded \$606, and the defendant took an appeal, the court of appeals deciding in favor of the woman.

In the case of the Paducah Commission Co. vs. Beaswell, Graves; Paducah Commission Co. vs. Long, Graves; the agreement of parties was filed and a motion that both appeals be heard together, and motion for a subpoena duces tecum against Clerk of the Graves Circuit court were submitted.

THE NEW WOMAN.

Mrs. EMMA MITCHELL.

Mrs. Emma Mitchell, 520 Louisiana street, Indianapolis, Ind., writes: "For the past five years I have rarely been without pain, but Peruna has changed all this, and in a very short time. I think I had taken only two bottles before I began to recuperate very quickly, and seven bottles made me well. I do not have headache or backache any more, and have some interest in life."—Emma Mitchell.

The coming of what is known as the "new woman" in our country is not greeted by everyone as if she were a great blessing. But there is another new woman whom every body is glad to see. Every day some invalid woman is exclaiming, "I have been made a new woman by Dr. Hartman's home treatment." It is only necessary to send name, address, symptoms, duration of sickness and treatment already received to Dr. Hartman, Columbus, Ohio, and directions for one month's treatment will be promptly forwarded.

If you do not derive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case and he will be pleased to give you his valuable advice gratis.

Address Dr. Hartman, President of The Hartman Sanitarium, Columbus, O.

Paducah seems to be well supplied with professional men, according to Mr. Fred Ashton's new city directory. It shows 48 doctors, 11 dentists, 30 druggists, 50 lawyers and last, but not least, 76 saloons to help make life easier for them if they happen to indulge. Some other notable things about the new directory are that it shows among the names Bass, Salmon, Herring, Frogge, Duck, Hun, Von, Lamb, Bean, Rice, Oress, Leek, Sage, Pepper, Greens, Brains, Oord, Oustard, Plumb, Berry, Chestnut, Rye, Coffee, Vinegar, Bunn, Graham, Oates, Baker, Tanner, Joiner, Leach, Priest, Rector, Justice, Judge, Tyler, Waggoner, Seaman, Taylor, Cartwright, Boatwright, Painter, Wheeler, Turner, Carter, Warden, Fisher, Hunter, Fowler, Sawyer, Potter, Springer and Traynor.

A Lyon, Wolf, Baer, Fox, Fawn, Campbell, Lamb, Kidd, Duck, A House, Wahl, Gate, Olubb, Stepp and a lot of other things. There are 54 Browns, 45 Whites, 29 Greens, 15 Greys, 7 Blacks, 2 Reddies and 5 Dunks. There are 27 pages of names beginning with the letter "S," the greatest number of any letter in the alphabet.

The rural youth may find a great many things in town that he knows nothing about, but the city chap would doubtless discover, soon after reaching the country, that he himself doesn't know it all by a jugful.

It was only the other day that a certain well known young society man of Paducah was discussing some fine ducks a friend had shipped away. There were four, including the drake. "How many were there?" he was asked.

"Four," he replied. "Was there a drake in the bunch?" "Sure thing," but his friend suspected from his expression that his mind was not exactly clear as to what a drake was.

"Now, I'll bet you don't know what a drake is," he bantered.

"Don't, hey? Don't know what a drake is?"

"That's what I said. You don't know what a drake is. I'll bet you the treat."

They bet.

"Padm. I've known that all my life," triumphantly declared the other young man. "A drake is a big goose, of course."

...

A very economical plan for those who are moderate drinkers and who drink only at certain times of the day for the love of the liquor, has been projected by a local drinker, and it is probable that the plan will be generally adopted among the moderate drinkers.

The young man in question one night purchased a quart of whiskey and took it home with him. Every morning when he got up he would take a drink and drop a dime in the drawer where he kept the bottle. He drank whiskey down town very few times, and simply transferred his bar to his residence. Pretty soon his supply of whiskey was exhausted but he found upon examination that he had several dollars in the coffer. With one of the dollars he bought more whiskey and little by little accumulated quite a neat profit on his miniature bar. He informed his friends of his competition with the saloons and the plan bids fair to become quite popular with them.

...

This is the time of the year when the luckless fellow finds how well last year's hat looks and fits, after all. Already the 1903 straw top pieces are beginning to become conspicuous. There are a few Panamas, which have first been taken to the sink and given a copious bath of soap and water. Of course everybody does not use soap and water, but it is cheap, easy, and the dose can be repeated as often as necessary. It is remarkable how well the old hat that was ready for the rag bag last fall looks when it is given a little scrubbing—and when you just really have to wear it. The styles in hats change so often that no one but a man able to buy a new hat every year can afford to try to keep up with the procession, so if you have last year's straw pile, trot it out.

During the season at the Kentucky theater just closed there were 157 performances, not including the matinees. Over 150 of the best shows on the road were given the people of Paducah by Manager English, and there are few attractions, if any, that play cities the size of Paducah that did not play at the Kentucky, and a number that made an exception in case of Pa-

ducab, and seldom come to a city this size, such as Nat Goodwin. Manager English already has a great deal of the next season booked, and, as during the season just closed, will have the best on the road.

...

A well known citizen went home recently after a day of mirth and bibulousity. His breath gave him away and his wife accused him of being "full."

He had little to say, but he has a staunch friend in his five year old son, who heard his father accused, and seemed to appreciate his predicament. So he hovered about in solemn sympathy until after his father had retired.

"Hey, mamma," he finally shouted in a resentful tone, "I know my papa isn't full. If he was he couldn't be drinking up all the water in the house."

SUFFERED ALL HER LIFE.

Miss Emma Melvahn Could Find No Relief Until She Took Shoffner's Sure Cure.

Covington, Tenn., March 27, 1901.
Mr. M. L. Shoffner,
Shoffner-Hayes Drug Co.

To give you a full description how I suffered from indigestion would make a book when written out. Will tell you as near as I can in as few words as possible. I have suffered with indigestion for years, in fact, nearly all my life, but did not know it, until four years past, and my physician told me. He put me on malted milk and a tonic which did me no good, and I lived on the milk nine months without missing a meal. I was almost starved and commenced to get very thin. Then thought it would finally kill me. Up to November 1900, I suffered fearfully, and sometimes I thought every breath would be the last one. I was so weak that I

could walk but a few steps without resting, and vomited day and night, was so badly swollen it was painful to move. My limbs and back hurt me so I couldn't rest day or night. I am sure nobody ever suffered more than I did with indigestion. I had heard of your medicine, Shoffner's Sure Cure, but of course had no faith in it like all others, but in November I decided to try it. I commenced to try it on Friday at dinner and by Sunday dinner had taken six doses, and went down to dinner and ate just what I wanted of everything on the table, and it didn't hurt me at all. I have taken four bottles and am stronger and feel better than I have in years. I tell everybody to take your medicine and advise it all can. You can use what you please of this letter, and I sincerely hope it will help you sell your medicine. I can truthfully say it is fine for indigestion. I hope God may spare you to live and make this medicine always. With best wishes all along through life for you.

The wharfbat sent here from St. Louis was taken off the ways yesterday and is now moored at the foot of Washington street to be used by the St. Louis and Tennessee river packet company.

Only by the heroic efforts on the part of the crew of the steamer Tassapa, Louisville and Evansville packet line, was she saved from being a total loss by fire at Steubenville Sunday. The flames were discovered in the kitchen, and it was with the utmost difficulty that they were extinguished before gaining great headway. No one was injured.

Several weeks ago Mississippi river packets plying between Memphis and St. Louis tried Italians and Hungarians for a few days. Some are still employed there. The labor question is one that presents many problems to boatmen and there is no doubt that river traffic would be simplified and expedited greatly if labor was abundant for handling of river shipment.

The Natchez Democrat says: "Pilots will not overlook nor ignore the request to slow up as they pass the dangerous places along the river. The Mississippi shore from ten to twelve miles below Natchez needs careful unking. Capt. Fowler and John Diebele have been doing all in their power to strengthen the land and piled hundreds of sacks filled with dirt along the bank to keep the water out."

Capt. J. J. Hennen and his brother, Hamilton, passed through the city yesterday from their home at Hawesville to Evansville, where they expect to complete the work on their new boat the Martha H. Hennen, by Thursday evening, says an Owensboro paper. On Saturday they will start for the Tennessee river, where they have contracts for much towing. They are enthusiastic about the speed and power of their new boat, and also about the prospects for good business on Southern rivers.

HICK'S ON MAY

About the 1st to 3d look for change to very warm, starting in the west and spreading eastward. The barometer will fall to very low readings and from about the 3d to 6th violent storms will pass eastward over most parts of the country. This is a time when tornadoes are very probable. Heavy downpour of rain and hail, with great electrical displays, will most likely attend these disturbances. Behind these storms, look for high barometer, west winds and gales, and sudden change to very cool. Frosts need not surprise any one in all central to northern sections of the country.

Reactionary storm conditions will return on the 8th, 9th and 10th, bringing a return of high temperature, low barometer, great humidity, and more storms of greater or less violence and danger.

If a sudden high barometer develops behind the rain and thunder storms about the 10th, regions to the northward may look for frost.

About the 14th look for change to warmer, the barometer will again fall to low readings and another series of rain, wind and thunder storms will take up their eastward march across the country, culminating on and touching the 14th 15th and 16th.

The next return of storm conditions will be from the 20th to 23d. See if marked change to warmer, falling barometer and more active storms of thunder and rain do not spread progressively over the country from west to east during the days named. The crisis of these storms will fall on and touching the 22nd and 23rd.

The last storm period for the month is central on the 26th, covering the 24th to 29th. This period will come in with rising temperature, the barometer will fall decidedly in all western parts by the 26th, and during the 27th, 28th and 29th most parts of the country will be touched by active storms in their eastward sweep across the country.

CHAPTER IX.

I HAVE already mentioned the man whom I secretly looked upon as standing between me and all preferment. He was a good looking fellow, but he wore a natural sneer which for some reason I felt to be always directed toward myself. This sneer grew pronounced about this time, and that was the reason, no doubt, why I continued to work as long as I did in secret. I dreaded the open laugh of this man, a laugh which always seemed hovering on his lips and which was only held in restraint by the awe we all felt of the major.

Notwithstanding, I made one slight move. Encountering the deputy coroner, I ventured to ask if he was quite satisfied with the evidence collected in the Jeffrey case.

His surprise did not prevent him from asking my reasons for this question.

I replied to this effect:

"Because I have a little friend who seems enough and subtle enough to worm the truth out of the devil. I hear that the girl Loretta is suspected of knowing more about this unfortunate tragedy than she is willing to impart. If you wish this little friend of mine to talk to her I will see that she does so and does so with effect."

The deputy coroner looked interested. "Whom do you mean by 'little friend,' and what is her name?"

"I will send her to you."

And I did.

The next day I was standing on the corner of Vermont avenue when I saw Jinny advancing from the house in K street. She was chipper, and she was smiling in a way which made me say to myself:

"It is fortunate that Durbin is not here."

For Jinny's one weakness is her lack of power to hide the satisfaction she takes in any detective work that comes her way. I had told her of this and had more than once tried to impress upon her that her smile was a complete give away, but I noticed that if she kept it from her lips it forced its way

out of her eyes, and if she kept it out of her eyes it beamed like an inner radiance from her whole face. So I gave up the task of making her perfect and let her go on smiling, glad that she had such frequent cause for it.

This morning her smile had a touch of pride in it as well as of delight, and, noting this, I remarked:

"You have made Loretta talk."

Her head went up, and a demure smile appeared in her cheek.

"What did she say?" I urged. "What has she been keeping back?"

"You will have to ask the coroner. My orders were strict to bring the results of my interview immediately to him."

"Does that include Durbin?"

"Does it include you?"

"I am afraid not."

"You are right. But why shouldn't it include you?"

"What do you mean, Jinny?"

"Why do you keep your own counsel so long? You have ideas about this crime, I know. Why not mention them?"

"Jinny."

"A word to the wise is sufficient."

She laughed and turned her pretty

face toward the coroner's office. But she was a woman and could not help glancing back, and, meeting my dubious look, she broke into an arch smile and naively added this remark: "Loretta is a busybody ashamed of her

own curiosity. So much there can be no harm in telling you. When one's knowledge has been gained by lingering behind doors and peeping through cracks, one is not so ready to say what one has seen and heard. Loretta is in that box and, being more than a little scared by the police, was glad to let her anxiety and her fears overflow into a sympathizing ear. Would she be surprised when she is called up some fine day by the coroner? I wonder if she will blame me for it?"

"She will never think of doing so," I hastily assured my little friend, with an appreciative glance at her sparkling eye and dimpled cheek.

The arch little creature started to move off again. As she did so she cried, "Be good, and don't let Durbin cut in on you," but stopped for the second time when half across the street, and when, obedient to her look, I hastily rejoined her, she whispered demurely: "Oh, I forgot to tell you something that I heard this morning and that nobody but yourself has any right to know. I was following your commands and buying groceries at Ship-kins' when, just as I was coming out with my arms full, I heard old Mr. Simpkins mention Mr. Jeffrey's name and with such interest that I naturally wanted to hear what he had to say. Having no real excuse for staying, I poked my finger into a bag of sugar I was carrying till the sugar ran out, and I had to wait till it was put up again. This did not take long, but it took long enough for me to hear the old grocer say that he knew Mr. Jeffrey and that that gentleman had come into his shop only a day or two before his wife's death to buy—candles!"

The readiness with which this was said, together with the fact itself, made me her slave forever. As her small figure faded from sight down the avenue I decided to take her advice and follow up whatever communication she had to make to the coroner by a confession of my own suspicions and what they had led me to. If he laughed—well, I could stand it. It was not the coroner's laugh nor even the major's that I feared. It was Durbin's.

CHAPTER X.

JINNY had not been gone an hour from the coroner's office when my opportunity was afforded for me to approach that gentleman myself.

With few apologies and no preamble I immediately entered upon my story, which I made as concise and as much to the point as possible. I did not expect praise from him, but I did look for some slight show of astonishment at the nature of my news. I was therefore greatly disappointed when after a moment's quiet consideration he carelessly remarked:

"Very good, very good! The one point you make is excellent and may prove of use to us. We had reached the same conclusion, but by another road. You ask, 'Who blew out the candle?' We, 'Who tied the pistol to Mrs. Jeffrey's arm?' It could not have been tied by herself. Who was her necessary, then? Ah, you didn't think of that."

I flushed as if a pall of hot water had been dashed suddenly over me. He was right. The conclusion he spoke of had failed to strike me. Why? It was a perfectly obvious one, as obvious as that the candle had been blown out by another breath than hers; yet, absorbed in my own train of thought, I had completely overlooked it. The coroner, observing my embarrassment, smiled, and my humiliation was complete, or would have been had Durbin been there, but fortunately he was not.

"I am a fool," I cried. "I thought I had discovered something. I might have known that there were keener minds than mine in this office."

"Easy—easy," was the good natured interruption. "You have done well. If I did not think so I would not keep you here a minute. As it is, I am disposed to let you see that in a case like this one man must not expect to monopolize all the honors. This matter of the bow of ribbon would strike any old and experienced official. I only wonder that we have not seen it openly discussed in the papers."

Taking a box from his desk, he opened it and held it out toward me. A coil of white ribbon surrounded by a crisp and dainty bow met my eyes.

"You recognize it?" he asked.

Indeed I did.

"It was cut from her wrist by my deputy. Miss Tuttle wished him to untie it, but he preferred to leave the bow intact. Now lift it out. Careful, man; don't soil it. You will see why in a minute." As I held the ribbon up he pointed to some spots on its fresh white surface. "Do you see those?" he asked. "Those are dust marks, and they were made as truly by some one's fingers as the impressions you noted on the mantelshelf in the upper chamber. This pistol was tied to her wrist after the deed; possibly by that same hand."

A life saved by FOERG'S REMEDY

the great blood purifier

Read this grateful letter from a prominent Kentuckian

Princeton, Ky., Feb. 24, 1923.

I wish to state for the Foerg Remedy Co., of Evansville, Ind., that I believe their great remedy, known as Foerg's Remedy, the great blood purifier, saved my brother's life some ten years ago. He was troubled with a blood disease, and it seemed he could get no relief until he took Foerg's Remedy, which he manufactured by this company. After taking five bottles he was entirely relieved of his trouble, and when he died some five years ago he was entirely well of that disease. I also took 120 bottles as a blood purifier and was much benefited.

People do not become interested in these subjects until failing health or a distressing outbreak of the skin reminds them sharply of their ignorance. It is a wonder then that so many become the easy prey of vampires both inside and outside the medical fraternity, and too often find a tragically early grave, where a little common sense knowledge would have shown them the means of recovery and spared their lives. Know thyself!

AND HERE'S THE REMEDY

Forewarned is forearmed—let this warning sink deep in—obtain from us or from your druggist a trial quantity of the Remedy—test its efficiency the first time you have the opportunity, so that you may know for yourself and become an enthusiastic convert to the virtue and strength of our marvelous blood remedy—from then on you will refuse to be without it until your cure is effected. Why take chances? Why procrastinate a single day? Act now.

BASEBALL GAMES HERE JUST THE SAME

Grand Stand Burns But Will be
Rebuilt.

Temporary Bleachers to Be Put Up—
Loss Will Be About \$1,200—
No Insurance.

THE LATE BASEBALL NEWS

The grandstand at the Wallace park
league grounds burned last night be-
tween 9 and 10 o'clock, entailing a
loss of \$1,200 with no insurance.

The grand stand cost \$1,200 last
season and was built by Messrs. Sam
Jackson and Ben Welle who then
owned the local franchise. No in-
surance was carried. This will not in-
terfere with the league games, as tem-
porary bleachers will be built where
the old grand stand stood until the
new stand can be completed across
the grounds in a more desirable place.

The fire originated behind the dress-
ing room, it is thought, and was dis-
covered when but little heatway had
been gained. The blaze spread faster
than the small hose played from the
hydrant could check it and soon the
entire grand stand was a mass of
flames. Several suits were saved from
the dressing room but all the pop and
soda water in the refreshment stand
was ruined and the loss there will
amount to about \$50.

Mr. Jackson, president of the local
association, will put up another
stand immediately and will build it
on the same lines of the Cairo grand
stand, moving the site to the extreme
north end of the park where the street
car line and the road meet. Lumber
is being sent out today for the fence,
part of which was burned, and Friday
the game between Poplar Bluff and
Paducah will be played.

There was a game at the park yes-
terday between colored clubs and it is
supposed the blaze started from a fire
built to heat water for the players
near the grand stand.

A meeting of the stockholders of the
Cairo Baseball and Athletic com-
pany was held Saturday night and
the old board of directors re-elected
with the exception of M. J. Fur-
baker, who was succeeded by P. C.
Soulin. Mr. Furbaker is secretary
of the K. I. T. league and thought it
wise to withdraw from the local as-
sociation. The directors are C. S.
Carey, W. P. Greaney, P. C. Soulin,
G. P. Eichenberger, Claude
Winter, Joseph Stengala and R. E.
Powers. The following officers were
then elected: President, C. S.
Carey; vice president, Claude Winter;
secretary, W. P. Greaney; treasurer,
G. P. Eichenberger.

Games have been arranged between
Paducah and Poplar Bluff for Fri-
day, Saturday and Sunday. Monday
and Tuesday and Tuesday night the
Indians will play here. The night
game will be a novelty and a large
crowd is expected out. The Indians
carry their own electric lights.

The league opens here Wednesday
week with Clarksville, and the Padu-
cah boys will be in good form.

Paducah yesterday defeated the
Poplar Bluff boys by a score of 15 to 7,
Brady doing the box work. The locals
will return today or tonight and the
Poplar Bluff boys will come Friday.

Arthur Long, the fast left fielder
who played here last season, has been
signed again and will arrive today or
tonight. He was released by Dayton,
O., because of several fast men they
had and the hard matter to decide be-
tween them and Long was released,
being the youngest. He will cover left
field for Paducah and the fans will be
glad to get him back.

A POSITIVE NECESSITY.

Having to lay upon my bed for four-
teen days from a severely bruised leg
I only found relief when I used a bot-
tle of Ballard's Snow Liniment. I
can cheerfully recommend it as the
best medicine for bruises ever sent to
the afflicted. It has now become a
positive necessity upon myself. D.

Theatrical Notes.

The Detroit Tribune of April 30
contains the following reference to a
Paducah girl.

MISS ADELINE BAGBY, ARTISTE
Miss Adeline Bagby, who plays the
exacting minor role of Madeline, one
of the attendants in the Medici house-
hold in "The Cardinal" at the Ly-
cenn theater this week, is a Kentucky
girl, whose stage aspirations will soon
lift her above the small part. She
has educated herself in theatrical
work and is not averse to gaining a
larger experience in the excellent
school of the popular circuit produc-
tions before essaying more important
roles. Her work shows dignity and
adaptability.

Another large crowd, larger than
the one the preceding night, witnessed
the Ethel Tucker Stock company's
play last night at the Kentucky—
"Sue, Dear." Miss Tucker as "Sue"
won new laurels and as the father, Mr.
Brandon again distinguished himself.
The remainder of the piece was well
cast, and the specialties were again
enjoyed. The company will draw
larger audiences as the people become
better acquainted and more fully ap-
preciate the talents of the people and
the excellence of their productions.
This afternoon "East Lynne" is being
played to a matinee crowd, and to-
night the bill will be "A Gambler's
Wife."

Manager James E. English, of the
Kentucky, is ill and unable to leave
his home.

NO "MOOCHING"

JUDGE SANDERS SAYS IT MUST
STOP AT ONCE IN PADUCAH.

Police Judge Sanders has decided
that "mooching" must stop in Padu-
cah, and must stop at once. He has
issued orders to take up all moochers,
whether they are amiable, legless,
headless or merely penniless. They
are becoming a nuisance, and are
often impostors, using their misfor-
tunes only to get money for whiskey.

There is no excuse for any deserv-
ing person suffering, according to city
officials, and no excuse for anyone
begging on the streets, hence it must
stop. Those who live here can go to
the poor farm or the city hospital,
and those who have no business
here at all. It is not very pleas-
ant to go to either of the above, but
the officers have decided it is no worse
than begging.

GROWING ACHES AND PAINS.

Mrs. Josie Sumner, Bremond,
Texas, writes, April 15, 1902: "I
have used Ballard's Snow Liniment
in my family for three years. I would
not be without it in the house.
I have used it on my little girl for
growing pains and aches in her knees.
It cured her right away. I have also
used it for frost bitten feet, with good
success. It is the best liniment I
ever used." 25c, 50c and \$1.00. Sold by
Du Bois, Kolb & Co., Paducah, Ky.

Mrs. Hul Walters leaves for Charles-
ton, Mo., tomorrow to visit her
mother.

Life's Change.

**Much Suffering at
This Critical Period
Saved by Dr. Miles' Nerve.**

"Change of Life" is one of woman's
greatest and most dangerous troubles.
Often it is not recognized, and the
distressing symptoms are mistaken for
Dyspepsia, Liver, Womb Trouble, etc.
The depressing constitutional effects
of Change of Life, and the female Dis-
orders so common at that period, are
best treated with a general nerve re-
storative which will give tone to the
entire system—Dr. Miles' Nerve.

The beneficial effects of this celebrated
medicine are very quickly felt, and the
constitutional disturbances faded over.
Pain and anxiety are relieved, and fresh
energy infused into mind and body.
It is the medicine which acts on the
nerves which regulate the organs of the
body.

Such distressing troubles as Backache,
Headache, Bearing-down Pains, Bloat-
ing, Indigestion, Menstrual Irregular-
ities, Irritability, Dizziness, Loss of
Appetite, Tired Feeling, are relieved and
cured by Dr. Miles' Nerve.

My wife was a sufferer from an at-
tack of nervous prostration, brought on
by female weakness, and was in very
poor health. After reading one of Dr.
Miles' advertisements, she concluded to
try Dr. Miles' Nerve. She obtained
good results from the start, and now
after taking several bottles enjoys good
health. Words cannot express our ap-
preciation of what it has done for us."

CONTRACTS LET

Librarian Will Not be Chosen
for Several Weeks.

Interesting Meeting of the Carnegie
Library Board Last Night.

The Carnegie library board met last
night with Mrs. L. M. Riecke, Seventh
and Jefferson street, to hear reports
from the committees appointed to at-
tend to the interior furnishing and
outside adornment of the library
building and the purchase of books.
The recommendation of the furnish-
ing committee that the contract for
screens be let to the E. C. Burrows
company, of Portland, Me., for \$300,
was approved. The contract for shades
was let to James W. Gleaves & Sons.
The cost of these will be between \$25
and \$30.

No report could be made on the con-
crete walks, because the engineer has
not yet furnished specifications for
them. A committee was appointed to
confer with the trustees of Grace Epis-
copal church, which adjoins the li-
brary, to ask that the church give
half of a 12 foot alley between the
buildings, extending from Broadway
to Kentucky avenue.

The book committee announced that
no offer had been received from A. C.
McClurg & Co., of Chicago, to furnish
a list of books, adopted by an inter-
state library commission, of the states
of Illinois, Michigan, Minnesota,
Iowa and Nebraska, for \$50, or free
of charge, if the books were purchased
for this firm. It was ordered that the
first offer be accepted, as the board did
not care to be hampered in the place
of purchasing books.

It is thought that the librarian will
be elected at the next regular meeting
of the board, the third Monday in
May.

OTHERS TO FOLLOW

LICENSE INSPECTOR CLARK IS
DOING GOOD WORK.

License Inspector Ed. Clark, who
has been in office for only a short
time, is accomplishing a great deal,
and expects in a few days to have a
large number of persons warranted
for failing to pay licenses.

It is estimated that a great many
fail to pay license who are legally re-
quired to, mostly because they man-
age to escape the watchful eyes of the
inspector. Officer Clark has no inten-
tion of allowing any of them to get
away from him, and in a few days
will have a goodly number on the
carpet for their delinquency.

Today a warrant was sworn out
against Mr. Henry Katterjohn for
failing to pay a license to run teams,
and it is understood there are several
other warrants of this description to
be issued within the next few days.

TRIPLE TRAGEDY

MAN AND HIS FAMILY DEAD—
ANOTHER NEW YORK
MURDER.

Angellon, N. Y., May 4.—John
Vangorder and half sister, Anna
Farnham were murdered near here
last night. The house was ransacked
and there is evidence of an attempt to
burn the house to hide crime.

Omaha, May 4.—Frank Smith shot
and killed his wife and child and then
fired a bullet through his own head.
Domestic trouble was the cause.

JOHN BRISBANE WALKER COMES

FOR PRESIDENT.

New York, May 4.—John Brisbane
Walker, in a speech last night came
out for Jos. W. Folk, of Missouri,
for president. He read the platform
which he has prepared for adoption at
St. Louis. Walker opposes Hearst as
a Presidential candidate as "too
immature." He also spoke against
Parker. His platform provides for a
national incorporation of law and a
gradual diminution of traffic.

KENTUCKY CROPS.

FRUIT CROP WILL BE LIGHT
ALTHOUGH LITTLE
DAMAGED.

The weekly crop report relates that
fruit has not been as seriously dam-
aged as it was believed "by the cold
weather, though the crop will be very
small. The bulletin in full follows:
"Cool, wet weather prevailed dur-
ing the first half of the week. It was
somewhat more seasonable the latter
part but the nights were too cool for
vegetation to make much progress.
The warm rains that occurred about
the close of the preceding week were
very beneficial to grain and grasses.
Wheat has improved, especially
in the southwestern counties, but its
condition as a whole is poor; it is
thin on most fields and generally back-
ward. Very little corn was planted
during the week; that previously
planted is coming up slowly. Oats,
rye and pastures are progressing mod-
erately well.

Tobacco plants are small, but doing
fairly well; in the northeastern coun-
ties they are very late, just coming
up in some beds. Reports indicate
that plants will be scarce in some lo-
calities.
Gardens and trucks are backward.
Potatoes are coming up slowly; some
are rotting in the ground. Fruit is
not quite so badly damaged as was
at first thought, but there will be a
very small crop. Some early vari-
eties of strawberries are injured. Very
little farm work was done during the
week."

HIS WIFE DEAD

FRIENDS OF MR. PHIL PUDER
RECEIVE BAD NEWS.

Friends of Mr. Phil Puder, the
popular auditor of the Cook Brewing
Company, who often comes to Pa-
ducah, have received news of his
wife's death at Evansville.

Yesterday's Evansville Journal
News says:

"Mrs. Philip Puder, of 1227 Upper
Eight street, died Tuesday night at
her home, following an operation that
had been performed at a local hospital
some time ago. She was removed to
her home Tuesday morning and her
death was unexpected. The news of
her death will be a surprise to her
numerous friends and will occasion
great sorrow.

"The deceased was a well known
lady and was 57 years old. Beside
her husband, she leaves two children:
Miss Dora Puder and Mr. Otto Puder,
also a sister, Mrs. Hanna Vierling,
and a brother, Mr. Otto Schuncken-
burg."

MAD DOG SCARE

ROWLANDTOWN STIRRED UP—
COW BITTEN WILL BE
KILLED.

A mad dog got loose in Rowland-
town last night and bit several other
dogs and a cow. The cow exhibited
symptoms of hydrophobia and was
stabled near the residence of Mr.
George Jackson on North Sixth street.
The cow was ordered killed by Chief
of Police Collins who will empower
an officer to do the shooting this after-
noon.

The dog has not been caught but
the residents are warned and will
shoot it on sight. The matter was
reported to the police by Mr. George
Radt last night and he stated the
residents were greatly alarmed and
asked for permission to shoot the
caneine.

BEACH SURRENDERS

HE IS CHARGED WITH EMBEZ-
ZLING \$12,000 AT CHICAGO.

Fort Worth, Tex., May 4.—Fred A.
Beach, who is wanted in Chicago on a
charge of embezzlement of \$12,000,
surrendered himself to Chief of Police
Rea today. He said that he was tired
of dodging officers. The crime, Beach
says, was committed in January, 1903.
Chief of Police O'Neil of Chicago has
been communicated with and has
notified Chief Rea that an officer has
been sent for Beach. Beach has re-
cently been operating a coffee store in
Dallas, and been going under the alias
of Collins.
